Civil Air Regulations Amendment 41-41

Effective: January 20, 1962

Issued: December 28, 1961

[Reg. Docket No. 152; Amdt. 41-41]

PART 41—CERTIFICATION AND OPERATION RULES FOR SCHEDULED AIR CARRIER OPERATIONS OUTSIDE THE CONTINENTAL LIMITS OF THE UNITED STATES

Carriage of Cargo in Passenger Compartments

On November 27, 1961, the Federal Aviation Agency issued Amendment 41-40 to Part 41 of the Civil Air Regulations, (26 F.R. 11355) to become effective on January 2, 1962.

Subsequent to the issuance of this amendment, certain air carriers requested reconsideration of those provisions of the amendment restricting the height of the cargo bins which may be approved for the carriage of cargo in the passenger compartments. A preliminary reevaluation of this request indicates that the height restriction may be relaxed or eliminated without adversely affecting safety. Accordingly, in order to provide sufficient time for the completion of this reevaluation and to make other required clarifying changes, the effective date of Amendment 41-40 is being postponed from January 2, 1962, until January 20, 1962.

In view of the foregoing, I find that notice and public procedure hereon are impracticable, and good cause exists for making this amendment effective on less than 30 days' notice.

In consideration of the foregoing, Part 41 of the Civil Air Regulations (14 CFR Part 41) is hereby amended, effective January 2, 1962:

By amending the January 2, 1962, effective date of Amendment 41-40 to read January 20, 1962.

(Secs. 813(a), 601, 604, 605; 72 Stat. 752, 775, 778; 49 U.S.C. 1354(a), 1421, 1424, 1425)

Issued in Washington, D.C., on December 28, 1961.

N. E. HALABY,
Administrator.
